### **Hillsboro Designer Supports *Celebrating Home's* Haiti Relief Effort and Other Charitable Initiatives**

**Hillsboro, OR (Grassroots Newswire) April 6, 2010** – According to Tonya Giesbers, Hillsboro resident and Independent Designer with *Celebrating Home*, rarely can you find a company whose sole purpose is to inspire and support the dreams of others. The *Celebrating Home* business, on the other hand, has a structure and foundation based in giving back and has done that over the last few years – most recently this February.

Giesbers helped the company raise more than \$53,000 to assist earthquake victims via Samaritan's Purse International with sales of its *Celebrate Hope for Haiti* candle in February. *Celebrating Home* has an established tradition of "giving back" through a variety of charitable programs and endeavors, all which include Designer and customer participation, along with corporate employee participation.

"It is rewarding to be able to work with a company that truly supports and believes in the idea of giving back to those who are in need," Giesbers said. "In today's world, where budgets are tight and every dollar counts, it is even more significant when a business takes on a charitable effort. I am so thankful to be associated with an organization that continues to support these various charities and community initiatives."

*Celebrating Home's* charitable efforts began years ago when, in June of 2008, the company began a new partnership with the Make-A-Wish Foundation®. To date, the company has donated over \$333,000 to the organization. And to further honor the company's mission of "Bringing Families Together," *Celebrating Home* continues to participate in *Extreme Makeover: Home Edition* builds all across America; the company has donated over \$20,000 in product for *Extreme* builds along with hundreds of volunteer hours since November of 2009.

The company also supports The American Cancer Society, United Way, and many other charities and community projects and programs. In addition, *Celebrating Home* has an established industry-leading Fundraiser Program that offers its Designers an added earning avenue that benefits all types of organizations in need.

"We are a company based in Christian principles and values," said Heather Chastain, president of *Celebrating Home*. "The organization was founded on dignity, integrity, loyalty and truth; principles we hold true in an ever-changing marketplace. Our team remains dedicated to our corporate vision to 'decorate' as many lives as possible through reaching out, touching lives and helping others to fulfill their dreams."

Headquartered in Marshall, Texas, *Celebrating Home* is the nation's largest party-plan home décor company, with more than 45,000 Designers in the contiguous United States and Puerto Rico who market the company's industry-best Party Hostess Program and signature decorating and entertaining product line. Along with immediate and unlimited earnings, its Designers are compensated with industry-leading rewards from cash, trips, jewelry and cars.

According to Giesbers, the company's home-based earning opportunity allows individuals to choose to live a life on their terms, deciding when and how much they work and earn while enjoying balance and flexibility for family.
