***Celebrating Home* Business Offers "Dream Earning Opportunity," Says Hillsboro Designer**

Direct selling company helps individuals reach financial freedom

Hillsboro, OR (Grassroots Newswire) May 11, 2010 - *Celebrating Home's* income opportunity is allowing tens of thousands of people nationwide, including Hillsboro resident and Independent Designer Tonya Giesbers, live their dream lifestyle in an inspiring, lucrative and well-balanced manner. The company, recognized as the industry-leading direct seller of home decorative and entertaining accessories, is growing daily as the income potential is unlimited and based on each individual's needs and dreams.

"I can testify that *Celebrating Home* is that rare company that truly believes dreams are meant to be experienced, enjoyed and achieved every day as families require financial and personal freedom not just during the holidays or around special occasions," Giesbers said. "Every person and dream is welcomed and supported through company provided support tools, incentive programs and the company's lucrative earning plan.

According to the Direct Selling Association's latest industry statistics, there were an estimated 15.1 million direct sellers in the United States in 2008. Close to 90 percent of those direct sellers were women. The Association plans to release an updated report that shows the growth of the industry in 2009 this summer.

What sets *Celebrating Home* apart is its unique nationwide, open-to-all income opportunity that pays well and quickly, provides flexibility for family and offers complete support for personal and professional growth – yet requires no specific education, job experience or skill set. All that is required is a desire to earn unlimited income and rewards – working part-time hours for full-time pay – and to have increased confidence, financial security and a healthy life balance, Giesbers said.

"A Christian-based company, *Celebrating Home* offers every person, especially women, what is always considered a dream earning opportunity but is now even more so in today's uncertain economy," said Heather Chastain, president of *Celebrating Home*. "Our mission is to provide a dignified means to economic security, balanced living and bringing families together."

Through individual home-based Party businesses, currently more than 45,000 Independent Celebrating Home Designers in the contiguous United States and Puerto Rico market the company's industry-best Party Hostess Program and extensive product collection, including stoneware pottery, candles, wall décor, gourmet food mixes, dining and entertainment pieces and accessories for the home and garden. Many of *Celebrating Home's* products are made in the United States. The company's Fundraiser Program is an added selling and earning avenue.
